EXPIRIENCE

Free Lancing (10/2022 - Present)

Elpisor LTD (08/2021 - 09/2022)
Participated in the development of the dating site. Researched, evaluated and recommended solutions and modern technologies to meet users needs. Used MVC and OOP patterns to build new components. Designed and implemented new features, fixed bugs, wrote unit tests and refactored code. Optimized the site for maximum speed, got feedback from the customers to improve efficiency. Communicated with field techs and managers to collect site requirements and bug reports.
